DEPARTMENT OF HORTICULTURE, LAL-BAGH, BANGALORE.

Notification dated 1st February 1938.

IMPORTATION OF FRUIT PLANTS FROM AUSTRALIA.

Arrangements will be made to import fruit plants from Australia. Those who desire to order for plants are requested to apply to the undersigned before the end of March 1938. The list of plants usually imported may be had on application.

2. All sales are made subject to the following conditions of sale of the Firm :—

"We believe that all trees and plants sold by us are of the description and kind specified at the time of sale. Where reasonable proof is given that plants have been wrongly named, we will refund the original purchase money or correct the mistake by new plants ; but we give no warranty, expressed or implied, as to their growth, description, quality or productiveness and will not be in any way responsible for the crop, as those factors are governed by forces beyond our control."

3. The full value of the plants required, together with 50 per cent of the cost of plants towards freight, duty, etc., should be sent with the order for plants. The final bill including all costs will be sent after the actual charges are ascertained.

4. The name and address as also the Railway Station to which the consignment has to be sent should be very clearly stated.

5. The plants are expected to arrive about the month of July 1938.

6. Any other information required may be had from this office.

MYSORE STATE RAILWAY.

SENIOR EXECUTIVE ENGINEER'S OFFICE, MYSORE STATE RAILWAY, MYSORE.

Notification dated 18th January 1938.

1. An old Portable Steam Engine with many important parts missing has been lying in Mysore City Railway Station Yard since about the year 1914 or so. It can be seen near a big tree, situated between the Loco. Quarters and the Home Signals (Seringapatam end of the Mysore Station Yard).

2. The following dimentions give some idea of the size of the Steam Engine. Diameter of Boiler 2'—9". Boiler length 5'—3" Front wheels 3' diameter. Rear end wheels 4' diameter, Fly-wheel diameter 4'—7". Cylinder diameter 7½". Cylinder length 1'—4". Chimney height, one foot. Makers' name : Ruston Proctor of Lincoln.

If by 4th April 1938 no claimant comes forward with all the necessary proofs, the Portable Engine will be handed over to the Chief Store Keeper, Mysore State Railway, for being auctioned.

R. N. MIRZA,
Senior Executive Engineer.

GOVERNMENT OF MYSORE, ELECTRICAL DEPARTMENT.

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHT, MYSORE.

Notification dated 16th February 1938.

Sealed tenders will be received at the office of the Superintendent, Power and Lighting, Mysore, superscribed with the name of the work given below :—

2. The plans may be seen in the office of the undersigned at all working hours.

3. The tenders should be drawn up strictly in conformity with the detailed specifications furnished, at the same time writing out the rates at which each item of work is executed, in figures as well as in words, failing which no cognisance will be taken of the tender.

4. The undersigned reserves the right to reject the tender without assigning any reason therefor.

5. The successful tenderer will be required to deposit an earnest money of rupees one hundred and fifty (Rs. 150) only with the undersigned and execute an agreement within three days from the date of intimation as to the acceptance of the tender, failing which the tender will be disposed of otherwise.

6. The materials to be used on the work should be of best quality English or American manufacture, and conform to the specification. The insulated wires to be used should be of 250-volts grade for interior wiring and of 660-volts grade for the exterior.

7. The teakwood planks to be used for boards, etc., should be free from cracks and knots and well seasoned. No planks less than 12" in width should be used for boards, unless it is to make up the difference in the size of the board required. Lap joints should invariably be adopted in all cases.

8. In executing the work, the wiring rules of this Department as well as that of Institution of Electrical Engineers should be strictly followed.
